

## *Activity Sheet 32*

# Concepts and Definitions

### Purpose

The Purpose of this exercise is to explore key concepts behind the design of Rural Transport Infrastructure, and to define working terminology.

### Group Work

1. Read the statements written on the cards and discuss the meaning of key terms amongst your group.
2. Find the appropriate definition and the information for each term and arrange the cards so that each term is matched up with its relevant definition and supporting information.
