

## **Gender and Transport Training Materials**

This training Kit was developed as part of the project “Integrating Social/Gender Issues into Transport Sector Project Planning (SOGET)”, organized by IC Net Ltd., commissioned by the World Bank Transport Unit and funded by the Bank Japan Consultant Trust Fund.

The purpose of the Kit is to help facilitators implement an effective gender mainstreaming training for the transport sector stakeholders.

The Kit is designed for local gender specialists who are working on gender mainstreaming training in the transport sector, with knowledge and experience of gender analysis. The Kit will provide tools for improving participant’s understanding and awareness of the subject. The user is authorized to modify and adapt the content of this Kit for the local workshop implementation.

1. [Facilitators Guide](#) (Word, PDF)
2. [Facilitator Presentation](#) (Powerpoint, PDF)
3. [Workshop Handouts](#)
  - a. Handout (Word, PDF)
