

Activity Sheet 18a

Check List for the “as is” plan

Stages for the development of a Local Government Transport Master Plan (LGTMP)

Purpose

The purpose of this activity is to explore the issues that need to be considered when developing a LGTMP.

There are 3 stages in the development of a LGTMP:

1. Establishment of the “as is” plan
2. Scenario Analysis
3. Selection of Investments

Group Work

1. Each group will work on just ONE stage in the development of the Local Government Transport Master Plan (LGTMP).

2. The task for your group is to:

Design check lists for the type of data that should be collated in order to make an “as is” plan.

3. Prepare your findings on a flipchart.
4. Elect a person from your group to present your findings to the plenary.

Activity Sheet 18b

Key factors for a Scenario Analysis

Stages for the development of a Local Government Transport Master Plan (LGTMP)

Purpose

The purpose of this activity is to explore the issues that need to be considered when developing a LGTMP.

There are 3 stages in the development of a LGTMP:

1. Establishment of the “as is” plan
2. Scenario Analysis
3. Selection of Investments

Group Work

1. Each group will work on just ONE stage in the development of the Local Government Transport Master Plan (LGTMP).
2. The task for your groups is to:

Describe the key factors that must be taken into consideration when carrying out a Scenario Analysis, for deciding on rural transport investment.

5. Prepare your findings on flip chart.
6. Elect a person from your group to present your findings to the plenary.

Activity Sheet 18c

Check list for selection of investments

Stages for the development of a Local Government Transport Master Plan (LGTMP)

Purpose

The purpose of this activity is to explore the issues that need to be considered when developing a LGTMP.

There are 3 stages in the development of a LGTMP:

1. Establishment of the “as is” plan
2. Scenario Analysis
3. Selection of Investments

Group Work

1. Each group will work on just ONE stage in the development of the Local Government Transport Master Plan (LGTMP).
2. The task for your group is to:

*Design a check list of criteria that may be used to screen local government roads, in an **investment selection** process.*

7. Prepare your findings on flip chart.
8. Elect a person from your group to present your findings to the plenary.
