

**i. Zebra 1 - Area 10 by the Old Parade Ground**

**ii. Zebra 2 - CBD by Opposite Federal Secretariat**

THE ACTIVITIES OF THE EMERGENCY AMBULANCE SERVICE SCHEME CENTRES (ZEBRA) FROM INCEPTION ON 10<sup>TH</sup> AUGUST 2009 TO 30<sup>TH</sup> JUNE 2012.

1. In Nigeria today, one major challenge in road traffic management borders on delayed response to victims of road traffic crashes and where timely attention is given by good Nigerians (motorists in particular), there is likelihood of mismanagement of casualties. This situation has been responsible for the complication of some injuries or even loss of lives.

2. Following daily movement of people into Abuja seeking better opportunity in life coupled with drivers not being conversant with road network and inadequate road furniture became a threat to road transportation resulting in high rate of traffic crashes in the FCT, as well as increase in the rate of death.

3. Due to increase in the rate of mortality occasioned by Road Traffic Crashes (RTC) in Abuja, Federal Road safety Corps in finding a solution to this challenge established Emergency Ambulance Service scheme. The Corps used the Federal Capital Territory as a Pilot Scheme on Emergency Ambulance Service code named Zebra. With the commissioning of four centres within the city at inception on 10 August 2009, by the then First Lady, Federal Republic of Nigeria Dr, Turai Umaru Yar'adua, the operations took off immediately.

4. In order to ensure prompt rescue operations, the Corps has also acquired an easy to remember vanity emergency number **0700-CALL-FRSC OR 0700-2255-3772**; and Toll free line **122**. The CALL Centre is manned by operators on 24 hours duty call, backed-up with a data Centre.

iii. Zebra 3 - Abuja Old City Gate

iv. Zebra 4 kubwa Road by Setraco

4. To enhance the smooth operation and effectiveness of the Scheme, the Corps is partnering with seven (7) Government Hospitals within the FCT Metropolis all of which have been integrated into the FRSC Closed User Group (CUG) communication platform to enable its operatives alert the hospitals whenever there are road traffic crash victims being conveyed to them. This alert will enable the hospitals prepare adequately for the arrival and prompt attention to victims thereby saving lives that could otherwise have been lost.

5. The Ambulance centres run 24hours service with the mandate to respond to RTC victims within the golden hours with the aim of meeting up with standard time of response (20 minutes). Personnel trained in Paramedics in Othman Danfodio University Teaching Hospital Sokoto are deployed to all the centres to ensure smooth take off of the programme.

6. Considering the success recorded by the pilot scheme in the FCT, the feat has been replicated in some areas identified as black spots. Thus the number has increased to twelve. The other Ambulance centres established after the first four at the inception are:

i. **Zebra 5 - Keffi by fly over, Nassarawa State.**

ii. Zebra 6 - Yangoje, FCT.

iii. Zebra 8 - New City Gate, FCT.

- iv. Zebra 7 - Sabon Wuse, Niger State.
- v. Zebra 9 - Koton Karfe, Kogi state.
- vi. Zebra 10- Barde Junction, Kaduna State.
- vii. Zebra 11 - Mararaban Jama'a, Roundabout, Plateau state.
- viii. Zebra 12- Kugbo Nyanya Road by Old Karu Flyover.

7. The achievement of the Emergency Ambulance Service Scheme of the Corps cannot be overemphasized; as victims who would have died in RTC are being daily saved principally because of the prompt response and expertise in the handling of victims. The Scheme has equally restored human dignity in the transportation of RTC Victims to hospitals with Ambulances.

8. It is important to note that the operation of the Scheme is not limited to Road Traffic Crashes alone as sick people are given first aid and transported to hospital as required.

9. The Emergency Ambulance Scheme is in line with the Corps focus to strengthen its **National Network on Emergency Road Services (NNERS) programmes**, a compact which it has already entered into with all Nigerians. It is therefore the beginning of a new paradigm in service delivery from the Corps, which places life over mobility.

10. Below is the summary of Road Traffic Crashes data since inception of the Scheme.

YEAR	TOTAL RTC	TOTAL VEHICLE INVOLVED	TOTAL PEOPLE INVOLVED	TOTAL PEOPLE INJURED	TOTAL PEOPLE KILLED	TOTAL PEOPLE UN-INJURED	TOTAL PEOPLE RESCUED
